

During the Montana State University Winter Break (aka Snow-mester), my colleague Heather Higinbotham and I taught a 1-credit, **Climate Leadership course** (HONR 291) for 25 Honors students. Part of their required assignment was to complete an interview with a 'climate leader' of their choice and then tell their own climate leadership story (each video is 6-8 min.) which we posted to our [class YouTube channel](#):
