# Livestock record keeping apps

- Showbarn.app
  - Manage and update feed rations, weights, schedules, and other vital information from any device
  - Free plan
    - Up to 3 livestock projects within account
    - Ads appear throughout
  - Pro Plan - $9/month
    - Unlimited livestock projects
    - No ads
    - Unlimited show teams
- Download on the App Store, Google Play

Google form

- Set up a Google Form
  - Each day, input pounds fed/feed
  - Will automatically date/time stamp
  - Questions developed with a Dropdown to select pounds
  - Include a Comments section where can add any learning experiences, animal health related information, animal weight, etc.
- Likely need a separate form for each species and/or animal if animals are fed separately

24-25 Beef Feed Records (Responses)
